more armies than fleatn!!

FRA>AUS: Are you the LfB's resident maochist?

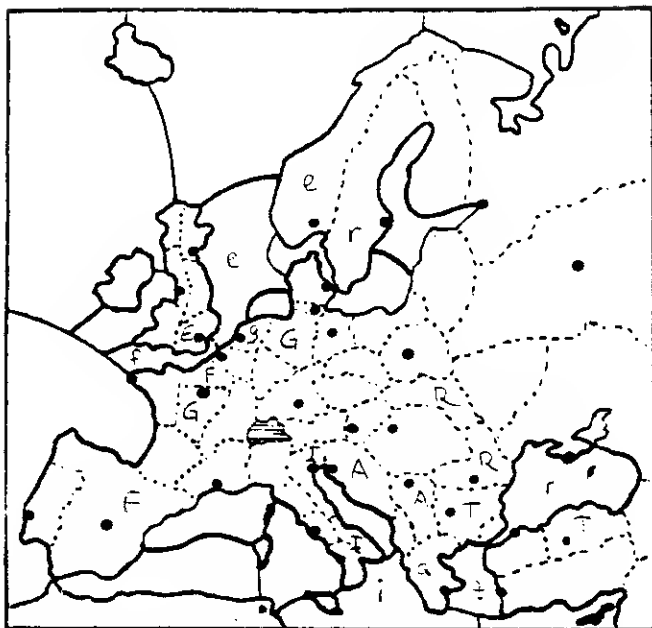

Sales@World: We're obviously not going anywhere, so let's
call it quits.

VIE: We Austrians take it most kindly that the French in
their last press release offer to let us eat cake. You know
what? That is just what we did, and soon we will be doing even
more than that, seeing the French have been unable to advance
against us throughout this entire game -- even after using their
German slaves to do a suicide attack against our lines. At this
rate England will grow faster and France will NOT be in the
winning line-up. Sorry, Froge, but for all your rough talk your
days are numbered. You have no place to go but back to Paris to
guard against the growing English ferce.

impenetrable A-T defense -- and is no longer unstoppable. It
took you three years to destroy Germany and start moving south
-- and that was one year too many.

The bad news is this game will likely end in a 4-way draw.
What a disgusting finish. Fear players eliminate three and
claim a draw. Boooooooo!!!
